### "No Serenity"

Look into these eyes, tell me what you see  
I'm at the brink of insanity  
Feed me lies, embrace denial  
Who am I?  
Who is this that stands before me?  
Who am I?  
This is what I am, nothing unreal  
No soul, no identity  
No peace, no serenity  
Doomed to walk this earth  
Doomed 'til our dying days  
Doomed until the end of time  
Crush  
I am pain, I am sorrow  
No path to follow  
I am anger, I am faithless  
Leading the trails of lies  
No soul, no identity  
No peace, no serenity  
Doomed to walk this earth 'til our dying days
