The first time I laid my eyes
On someone like you
I can't forget the hour
That moment with you
Then I had realized
Love's growing deep inside
I feel the beating of my heart

Chorus:

Araw gabi, lagi na lang pinapangarap ko'y ikaw
Dinarasal ko na balang araw
Sa paggising ko tayo'y nagmamahalan na
(Cause) We belong together
Always and forever
Call my name and
I'll be there...

Spending my days and nights just thinking of you
How you make me wanna smile with the things that you
do
When will I hear you say love's comin' on your way
And that you'll start to feel the same

(Repeat Chorus except last word)

Bridge:

Araw gabi lagi na lang pinapangarap ko ito
Dinarasal ko na balang araw
Sa paggising ko'y tayo

(Repeat Chorus except last word)

... there...
