I wanna see which posse can dance the best (mmm-bop-di-di-bop)

It should be easy cause the beat is fresh (mmm-bop-di-di-bop)

Now, I wanna see which posse can dance the best (mmm-bop-di-di-bop)

It should be easy cause the beat is fresh (mmm-bop-di-di-bop)

Verse One: LaTocha

Everytime you leave the thought is left in my head
That you gotta go home to be with somebody else
Now even though I'm sick and tired of being alone
I still gotta ask myself if what I'm doing is wrong
And what about you, what about you, mmm-hmmm
Don't you think it's time, don't you think it's time
You tell her the truth

Chorus

Does she know where you go when you leave
That you're always with me
And it's all about me
Does she know, it won't be long before
She's out the door, I'm in, number one
And it's all about me

Verse Two: LaTocha

Even if I wanted, I can't leave you right now
Cause all is fair in love and war, and I like how we get
down
Although I'm in love with what's going on
But I still got to ask myself if what I'm doing is wrong
You can't tell me she ain't seeing the change
She ain't feelin' the pain
And she don't want to know my name

Chorus

Does she know where you go when you leave
That you're always with me
And it's all about me
Does she know, it won't be long before
She's out the door, I'm in, number one

And it's all about me
Traces of my lipstick
