Duh duh duh - duh duh duh
Duh duh duh - duh duh duh

In and out, yeah baby let's get down
Left and Right
Oh baby, through the night
Nice and slow
Come baby, just let go
Close and tight
Yeah baby, do me right

I wanna get down down tonight
Duh duh duh - duh duh duh in and out *X2*

In and out
Come turn me all around
Up and down, in, out, up and down

I wanna get down down tonight
Duh duh duh - duh duh duh in and out *X2*

In, in, in and out, out, out, up, up and down, down and
move it all around
In, in, in and out, out, out, up, up and down turn around

I wanna get down down tonight
Duh duh duh - duh duh duh in and out *X2*

Duh duh duh - duh duh duh

I wanna get down down tonight
Duh duh - duh duh in and out *X2*

Duh duh duh - duh duh duh *X2*
