Bitch ass nigga was talkin' all this shit, right?
I'm like, "Damn, you bitch ass nigga
I should sock you in your motherfuckin' mouth
Talkin' all this shit about my homie"
So I chirped him, chirp-chirp

Hey cuz, this nigga talkin' all this shit, right?
Boom, the homie came up and was like
"Nigga, say that shit in my motherfuckin' face"
Popped him dead in his motherfuckin' mouth, nigga
Niggaz be talkin' all this shit
The only thing I wanna know is, look

See when the drama pop off
Then pardon me, it ain't my fault
My back was up against the wall
Thanks to y'all
Niggaz talkin' like bitches

You need to say it to my face
If you got somethin' to say 'bout me
'Cause that's the way it's supposed to be
But you ain't no G
(Niggaz talkin' like bitches)
Wishin' you could be like me

Sometime men got some more than women
You do too good in Cali, the prey start to turn to venom
You can't walk in these shoes, nigga, you can't fit 'em
I'm 'bout five seconds away from the 'Let's go get him'

So nigga, say it to my face if you're feelin' like King
Kong
Misery love company, I guess I'ma leave y'all
Until that day, you wanna tuck them nuts
And try to hit my switches and get your frame fucked
up

You gotta say it to my face, I'm right here with a 12
gauge
You talkin' to a man that plan on dyin' of old age
'Til that day, I crush everythin' in my way

And give a fuck about what y'all say

See when the drama pop off
Then pardon me, it ain't my fault
My back was up against the wall
Thanks to y'all
Niggaz talkin' like bitches

You need to say it to my face
If you got somethin' to say 'bout me
'Cause that's the way it's supposed to be
But you ain't no G
(Niggaz talkin' like bitches)
Wishin' you could be like me

Too much of anythin' makes you a addict
Wantin' contact with another man makes you a fagot
Patience is virtue, don't make me hurt you
I came Full Circle, about-face reversal

Salute the general, make yourself presentable
Analytical, every move made political
Say it to my face and wake up in a hospital
Huh, gutter never takin' me under

Fuckin' nerve of you motherfuckers
Thinkin' I was slippin', I was servin' you motherfuckers
X went off the deep end, I'm determined, you
motherfuckers
So watch how you speakin'
'Cause I'm listenin' closely for any pussy approachin'
me

See when the drama pop off
Then pardon me, it ain't my fault
My back was up against the wall
Thanks to y'all

If you got somethin' to say 'bout me
'Cause that's the way it's supposed to be
But you ain't no G
(Niggaz talkin' like bitches)
Wishin' you could be like me

You better come with the Taliban
Never been a slave or afraid of another man
X move like the brute force of an avalanche
It ain't my fault you smoked off your chance

See, motherfuckers envy what they cannot be
Mr. X to the Z, H.N.I.C.
Half assed niggaz gon' shit on me
If they sentence me to five, I'll be out in three

You be deep in the dirt for the bugs to eat
Tucked in for eternity, time to sleep
'Til that day, I'll crush everythin' in my way
And give a fuck about what y'all say

See when the drama pop off
Then pardon me, it ain't my fault
My back was up against the wall
Thanks to y'all
