Feat. YoungCoviel

[YoungCoviel Intro]

Mishon, Coviel Remix for the ladies (lets go)

[Verse 1 YoungCoviel]

Now I remember like it was yesterday
I seen cute lil momma swing huh hips my way
I'm like excuse me what's ya name she like boy please
You probably one of them dudes that play games
Something bout this girl the way she lick huh lips
I can feel it in my soul and my fingertips
She look me in my eye and she can tell I was real
You can have what ever you like a full coarse meal
Or I can take you to the crib and show round the hood
So you can see how I live she said that's cool but let
Me know she don't like drama and she said before this
happen
I gotta ask huh momma

[Chorus Mishon]

Excuse me mama(hey)
Your daughters fine(your daughters fine)
And if I could
I'd like a moment of her time(a moment of her time)
While I was shopping
I saw her walking by
So can I get her number
And I'll give her mine(oo ohoh yeayea)

[Verse 2]

Wish that I could catch her by herself
Wait till she wasn't with nobody else
But every time I saw her
I would try to call her
But she was busy checking for the sales
Part of me was like just let it go
The other part of me was like let her know
But I would never get this
Chasing this chick if she gotta man

So I gotta tell her so

How should I step to her
How should I step to her
Any disrespect to her
But I thought she would like (oh ohm)
If I kept it polite
So I stepped
And this is what I said to her

[Chorus]

Excuse me mama(hey)
Your daughters fine(your daughters fine)(so fine so
fine)
And if I could
I'd like a moment of her time(a moment of her
time)(yea yea)
While I was shopping
I saw her walking by(walkin by yea)
So can I get her number
And I'll give her mine(mineeee)

[Bridge]

Baby
Don't you know that you
You got me all up in the wrong store
Now the malls about to close
Crazy
But I followed you
But I couldn't take it no more
No disrespect to ya mama
But I need ya numba baby

[Chorus]

Excuse me mama(hey)
Your daughters fine(your daughters fine)
And if I could
I'd like a moment of her time(a moment of her time)
While I was shopping
I saw her walking by
So can I get her number
And I'll give her mine

Excuse me mama(hey)
Your daughters fine(your daughters fine)
And if I could
I'd like a moment of her time(a moment of her time)
While I was shopping
I saw her walking by
So can I get her number

And I'll give her mine(
(Outro)
Ohhhhhh
