When I started out
It wasn't easy (uhh)
At the studio, til half past 12
Put the playstation down just to rock the show
I got my mind made up this is what I wanna be
And I'ma work real hard so I can achieve
And you should do the same thing to
(You should do the same thing)
Find something not just an act
Don't let nobody try to hold you back
Believe in me and I'll believe in you
And together we'll make our dreams come true

You can be what you want
You just got to believe
If you fall, get back up
I'm sure one day you'll change your luck
The goals that you wanna reach
There not hard to achieve
Just believe, you will see
You can be what you wanna be

You can be what you want
You just got to believe
If you fall, get back up
I'm sure one day you'll change your luck
The goals that you wanna reach
There not hard to achieve
Just believe, you will see
You can be what you wanna be

Sometimes your goals may seem so far away
But you gotta keep goin when things get tough
Even though you've had enough
You might get tired when days were long
Keep goin you gotta be strong
Now that you know just what to do
Keep your head up to the sky
Believe that you could fly
If they tell you, you can't
Look em in the eye

Say there ain't no way you can stop me cuz
I can be anything that I wanna be

You can be what you want
You just got to believe
If you fall, get back up
I'm sure one day you'll change your luck
The goals that you wanna reach
There not hard to achieve
Just believe, you will see
You can be what you wanna be

You can be what you want
You just got to believe
If you fall, get back up
I'm sure one day you'll change your luck
The goals that you wanna reach
There not hard to achieve
Just believe, you will see
You can be what you wanna be

You can be a teacher, a doctor
Anything from A to Z
Artist, an athlete
Whatever you want to be

You can be what you want
You just got to believe
If you fall, get back up
I'm sure one day you'll change your luck
The goals that you wanna reach
There not hard to achieve
Just believe, you will see
You can be what you wanna be

You can be what you want
You just got to believe
If you fall, get back up
I'm sure one day you'll change your luck
The goals that you wanna reach
There not hard to achieve
Just believe, you will see
You can be what you wanna be

You can be what you want
You just got to believe
If you fall, get back up
I'm sure on day you'll change your luck
The goals that you wanna reach
There not hard to achieve
Just believe, you will see

You can be what you wanna be
