"Still Got The Love"

Visit "[Still Got The Love](#)" on MotoLyrics.com

You left me there on the cold cold street,
and I still got the love for you,
You told me stories that were incomplete,
and I still got the love for you babe
I take a walk on my own to feel,
it's the best thing I can do cause we're cool
it always bring the heat and you know there's nothing
new

Chorus

When we're falling gonna fall like rain,
In this fire gonna touch the flames
When we're standing got to withstand pain,
when we're leaving gonna catch this train
You gave me sorrows and regrets
and I still got the love for you,
you tried to catch me with your net
but somehow I slipped through,
to watch the golden sunrise,
sunset but all day long it's blue
Don't speak of truth and then forget
or you just won't have a clue

You are the one, set my soul on fire
You are the one, let me out in the cold and now the
world is fallen
and you strat to cry and now your world is falling and
your well is dry

Chorus
