[Background:]

(Dy-nasty) [x5]

In the back of the class sippin' my juices with Devon

[x5]

(Mishon)

Woo, put y'all hands together

This is the young heisy, doing it the dynasty way

I made y'all quake, now I want y'all to bounce with me

Young and old, don't be afraid, come on and groove  
with me

Can y'all do that? I said groove with me

[Verse:]

Fresh whites, everyday, say that kids feel I'm older

If you need to know, I'm a dynasty soldier

Everytime I dance, I can't help but bounce

(Bounce, bounce, bounce, bounce) Ya feel me

All I do is play all day, until I hear my people say

(It's time to come in, say goodnight to ya friends,

Can't wait till tomorrow, then we'll do it again)

[Chorus:]

We know what our future and we got it going on

Still trippin' everywhere, so we don't need to roll a  
phone

We love to ride bikes, play games and take it easy

Do our homework and watch us a little t.v

I'm in the house by at least six o'clock

Playstation until I drop

Even though I sing, the fun don't stop

I'm still Mishon and I ain't changin'

(In the back of the class, sippin' my juices with Devon)

I ain't changin', no, no, no

(In the back of the class, sippin' my juices with Devon)

[Verse:]

I look forward to my birthday, everyday

Pick up my friends on my way, so we can celebrate

So don't hate, congratulate

And if you want to party, it's okay

(Bounce, bounce, bounce, bounce) Can ya feel it?  
Everybody, put ya hands to tha ceiling  
Shake ya body, body, move ya body, body  
Groove with me, if ya ready to partay!

[Chorus:]

I'm in the house by at least six o'clock  
Playstation until I drop  
Even though I sing, tha fun don't stop  
I'm still Mishon and I ain't changin'

We know what our future and we got it going on  
Still trippin' everywhere, so we don't need to roll a  
phone  
We love to ride bikes, play games and take it easy  
Do our homework and watch us a little t.v

We know what our future and we got it going on  
Still trippin' everywhere, so we don't need to roll a  
phone  
We love to ride bikes, play games and take it easy  
Do our homework and watch us a little t.v

Dy-nasty [x4]

[Mishon:]

Fresh chucks, backpack, with tha hat to match  
Southpole, j-won, can ya hang with that?  
Blue rocawear shirt with the L.a hat  
Iceburg, Sean John, Air Jordan, we got it

[Chorus:]

We know what our future and we got it going on  
Still trippin' everywhere, so we don't need to roll a  
phone  
We love to ride bikes, play games and take it easy  
Do our homework and watch us a little t.v [x3]
