La Lindsay Through The Door.
Watch Her Go And Hope For More.
Can You See Her, Darwin's Friend?
Can You See How Good She's Been?

Oh Lindsay, Won't You Please Turn Around?
Hello La, Goodbye Feet On The Ground.

La Lindsay, Eighties Queen.
Bright Eyes Shine And Steal The Scene.
Can You See Her, Senior's Son?
Can You See How Far She's Come?

Oh Lindsay, Won't You Please Turn Around?
Hello La, Goodbye Feet On The Ground.

La Lindsay, I Don't Know Where You're Going,
But I Know Where You Will Stay.
In My Heart You're Growing.
It's Time You Started Showing.
But You Live So Far Away.

When The Years Have Come And Gone,
Will The First Days Linger On?
Can You Tell Me, Anyone?
Can You Say How Far You've Come?

Oh Lindsay, Won't You Please Turn Around?
Hello La, Goodbye Feet On The Ground.
