Matataku Hoshi ga hitomi wo tojite
Kaze ga yukuesura miushinau toki ga kite mo
Kawaranu omoi You're the one
Itsu no hi mo kimi wo aishiteru

In my heart kono mune no naka shizuka ni
Demo tashika ni kimi no sonzai ga
Itsuka nani yori mo taisetsu na mono ni natte ta
Can you listen to my heart?

Want you to know
I really wanna say to you,
That you're the only one
Kimi ga subete You're My everything

Eien ni mirai mo koko kara ugokidasu no sa
Until the end of time, everything

Wow, nukumori wo dakishime atte iru
Yasashisa ni ude wo mawasu
Soshite sasayaki wa shidai ni kasanari
Futari wa hitotsu ni naru

Want you to know
I really wanna say to you,
That you're the only one
Kimi ga subete You're My everything

Eien ni mirai mo koko kara ugokidasu no sa
Until the end of time, my everything

Hanasanai yo You're my everything

And (you) have to know,
You gotta listen to my heart,
I can be the one for you,

Until the end of time, my everything...

MY EVERYTHING...
