[Bridge]

Oh, the moon goes 'round the earth, earth, earth,
earth, earth.

And the moon controls the tide, tide, tide, tide, tide.

And the earth goes 'round the sun, sun, sun, sun, sun.

And the sun provides the light, light, light, light, light.

And the light makes most of life.

And the light makes most of life.

[Verse 1]

If my friends would crowd, it might be the biggest, but
it'd deafeningly be loud. And if my enemy's wear an
army,

it'd tried to take us down. Deaf, dumb, and proud.

Yeah, deaf, dumb, and proud.

Yeah, deaf, dumb, and proud, proud, proud,

proud, proud, proud, proud, proud.

Oh, the cat chases the mouse, mouse, mouse, mouse,
mouse.

And the mouse just wants a home, home, home, home,
home.

And the dog chases the cat, cat, cat, cat, cat.

And the cats wants to be alone-lone-lone-lone-lone.

And all the animals have souls down in their bones.

Yeah, all the animals have souls down in their bones.

[Verse 2]

If my friends were drugged, not one of them could
afford it.

But it's already in their blood, and if your enemies
caused you cancer.

We find a cure for you, then bring it to the club.

Yeah, bring it to the club. Yeah, bring it to the club,

club, club,

club, club, club, club.

[Chorus]

I walked alone. Until we met.

Then we, we, we, we walked against. The earth.

Until we met. Ah, you, you, you. I walked alone.

Until we met. Then we, we, we, we walked against.
The earth. Until we met. Ah, you, you, you. I walked
alone.

[Bridge]

Oh, the moon goes 'round the earth, earth, earth,
earth, earth.

And the moon controls the tide, tide, tide, tide, tide.

And the earth goes 'round the sun, sun, sun, sun, sun.

And the sun provides the light, light, light, light, light.

And the light makes most of life.

And the light makes most of life.

Hooh!

[Chorus] *people singing Bridge in background*

I walked alone. Until we met.

Then we, we, we, we walked against. The earth.

Until we met. Ah, you, you, you. I walked alone.

Until we met. Then we, we, we, we walked against.

The earth. Until we met. Ah, you, you, you.

I walked alone. Until we met.

Then we, we, we, we walked against.

The earth. Until we met. Ah, you, you, you.

I walked alone.
