See a penny pick it up

And all day you'll have good luck

Oh oh

See a penny pick it up

And all day you'll have good luck

Oh oh

I cut my fingers on the rock

Bending down to pick it up (oh oh)

I didn't know what to expect

But I guess that's what you get (oh oh)

Without love what do we have?

Without love what do we have? (Nothing)

Without love what do we have?

Without love what do we have? (Nothing)

See a penny pick it up

And all day you'll have good luck

Oh oh

See a penny pick it up

And all day you'll have good luck

Oh oh, oh oh, oh oh

If there's no magic in the world

Then we know just what to do (oh oh)

I just lost 100 bucks

Betting it against love (oh oh)

Without love what do we have?

Without love what do we have?

Nothing, nothing

Without love what do we have?

Without love what do we have?

Nothing, nothing

See a penny pick it up

And all day you'll have good luck

Oh oh

See a penny pick it up

And all day you'll have good luck

Oh oh, oh oh

See a penny pick it up

And all day you'll have good luck

Oh oh, oh oh

See a penny pick it up

And all day you'll have good luck

Oh oh, oh oh, oh oh
