Land of the empire builders  
land of the Golden West  
conquered and held by free men  
fairest and the best

onward and upward ever  
forward on and on  
hail to thee the land of heroes  
yours when dead and gone

hail to thee  
land of heroes  
it's all yours when you're dead and gone

oooohh the afterlife (Hey!)  
we know how to make life go on  
oooohh the afterlife  
death is not the end of this song  
oooohh the afterlife

land of the rose and sunshine  
land of summer's breeze  
laden with health and vigor  
fresh from the western seas  
blest by the blood of martyrs  
land of setting sun  
hail to thee land of promise  
the end of our system

hail to thee  
land of promise  
life at the end of our system

oooohh the afterlife  
inside your own private kingdom  
oooohh the afterlife (hey!)  
Well do you (unknown)  
oooohh the afterlife

it's not a place you go  
it's a place that comes for you

its not about who you know  
or who's in your heart  
it may come as a surprise  
but you are not alone  
all that you have is not what you own  
(x4)

ooooh the afterlife  
(X4)
