From the morning and over into the evening  
Constantly thinkin bout you  
Just wanna know if you feel the same  
And if you missing me crazy  
And I just can't wait to see my baby  
You know there's nothing that can come between you  
and me  
You're all but I wish I could have you right here with me  
We're to far apart  
It would only be this way from the start

Your the type I wanna call  
First thing Saturday morning (call)  
When I been traveling on the road for to long  
And I'm missing the one I'm close to  
But it don't go right at all unless I call  
(Call) Just to say I'm thinkin of you  
(Call) I don't wanna wait like I'm supposed to  
(Call) That 2-way makin me wanna phone you  
Just gotta hear you say Mishon  
I'm glad you called

When you're at the mall (at the mall)  
Get in your car  
And it don't matter if you gotta use your mama's phone  
Just wanna know you're okay  
Cuz I'm missin you crazy  
And I can't wait to be with my baby  
It feels so good just to know that you're down for me  
And ain't nothin ever gonna take away my shorty  
Ha baby you need to know  
Whenever it's all bad no matter what's going on

You're the type I wanna call  
First thing Saturday morning (call)  
When I've been traveling on the road to long  
And I'm missing the one I'm close to  
Like they don't go right at all unless I call  
(Call me) Just to say I'm thinking of you  
(Call) I can't wait til I'm supposed to  
(Call) That 2-way makin me wanna call you

Just to hear you say Mishon  
I'm glad you called

Your the only one that really understands me  
When I'm out I count on you to make me happy  
909 304 double 0 34  
When I need to hear from the one I know  
I've gone to long
