It's the good time! Come on, let's go  
Together, we can play the music!  
You'll be so nice, it smells so sweet  
The world that will stay in my heart like a flower

Don't stop, if we have the same dream we'll be  
together  
And forever  
The time we have together will be spent making a  
Celebration!

Reach out and catch the rainbow  
The thing that unites our hearts, yes, is happiness!  
You make me feel so good, ready go

It's the show time! Let's begin  
Don't stop, party all night long  
You make me wanna keep on groovin' tonight  
The sweetest feeling is sneaking into me

Don't stop! If we just hold hands we'll be happy  
Together and forever  
I want to tell the whole world that love is the  
Celebration!

Reach out and catch the rainbow  
Let's dance our hearts out all night  
You make me wanna move tonight!  
The BPM is incredible  
Reach out now and catch the rainbow  
The thing that unites our hearts, yes, is happiness!  
The way that you make me feel, feels so good!

Reach out and catch the rainbow  
Let's love with our hearts, all right  
You make me wanna move tonight!  
I'll send out the MVP to you  
Reach out now and catch the rainbow  
The thing that unites our hearts, yes, is happiness!  
I wanna tell you my heart, it feels so good!
