

## Mishon "Distant Love"

Visit "[Distant Love](#)" on [MotoLyrics.com](#)

(Mishon, Sunny aks, J night)

Mishon, Insomiaux, J knight, (yeah)

Verse 1:

In the middle of the night, I toss and turn like crazy.  
I'm thinking about you baby and where I want you to be  
(Oh)And when you're gonna pay your price, so much I  
can't afford it.The pain I can't ignore it, it'd only hurt  
you to see (Yeah)

Pre-chorus:

Hit it up here and know?? baby, without you I'm  
lonely.Your love is just too distant for me.

Chorus:

Your distant love left all this space between us.  
And you're the one I need to hold now, I want to be with  
you but don't know how.  
Your distant love left all this space between us.  
And you're the one I need to hold now, cause without it  
I feel so down.

Verse 2:

I don't want to hang up the phone but I don't want you  
to hear me crying. And if I said I was strong, I'm lying.  
Girl I need you here. (Oh)And I thought that I can make  
it but I doubt my heart can take it.We're in two different  
places, and it's all I can bear.

Pre-chorus:

Hit it up here and know?? baby, without you I'm lonely.  
Your love is just too distant for me.

Chorus:

Your distant love left all this space between us.  
And you are the one I need to hold now, I want to be  
with you but don't know how.  
Your distant love left all this space between us.  
And you're the one I need to hold now, cause without  
you I feel so down.

Verse 3:

Girl you hold the missing pieces (Pieces) to the puzzle  
of my heart. Could you show me where to start, I'll be  
there for you. If there's something I can add, (something  
I can add) if there's one thing I can have (Oh) Baby, I  
can't take this distance.

Chorus x2:

Your distant love left all this space between us.  
And you're the one I need to hold now, I want to be with  
you but don't know how.  
Your distant love left all this space between us.  
And you're the one I need to hold now, cause without  
you I feel so down.
