(Verse One)

Do I detect of hint of insecurity
Seems like you wonderin' just how real things are with
me
So let me answer and put your mind at ease
As real as the air I breathe

(Hook)

Since you gave me your number
Made up my mind the same day
So you ain't got to wonder
If i'm feelin' the same way
Girl nothin' i'm sayin' isn't true
So baby here's what i'm gon' do
Give you one of my prized possessions
Just to show you

(Chorus)

Imma let you rock my chain
Imma show you where my heart at
'cause baby you all that
Imma let you rock my chain
This is serious
Baby I ain't playin' no games
Rock my chain
Imma put this on your neck so you know i care
Let 'em know that's all me right there
Until you old enough to rock my name
Imma let you rock my chain, my chain, my chain, my
chain(2x)

(Verse Two)

See you been down for a while so I think that's its 'bout
time
I went ahead and made it official between you and I
I'm lettin' all of friends know
When they ask where my chain go
That I done made a commitment to you, girl

(Hook)

Since you gave me your number
Made up my mind the same day

So you ain't got to wonder
If i'm feelin' the same way
Girl nothin' i'm sayin' isn't true
So baby here's what i'm gon' do
Give you one of my prized possessions
Just to show you
(Chorus)
Imma let you rock my chain
Imma show you where my heart at
'cause baby you all that
Imma let you rock my chain
This is serious
Baby I ain't playin' no games
Rock my chain
Imma put this on your neck so you know I care
Let 'em know that's all me right there
Until you old enough to rock my name
Imma let you rock my chain, my chain, my chain, my
chain(2x)
(Mishon)
You don't believe me
Ha, check me out

(Verse Three)
The way the M-I-S-H-O-N glow
Makes what we got so official
Baby girl you got your boy locked,
like a car door
Until my heart stops,
baby i'm all yours
And wherever you go i'll be right there next to your
heart
So don't worry 'bout a dang thang
I'll let the whole world know that your my girl, woah

(Chorus 2x)
Imma let you rock my chain
Imma show you where my heart at
'cause baby you all that
Imma let you rock my chain
This is serious
Baby I ain't playin' no games
Rock my chain
Imma put this on your neck so you know I care
Let 'em know that's all me right there
Until you old enough to rock my name
Imma let you rock my chain, my chain, my chain, my
chain(2x)
