[Verse 1]

Flowers don't mean nothing anymore
All those gifts and all my love letters
you've thrown them out the door
even when I try I end up sleeping on the floor
I'm guessing that just doesn't make the heart grow
farther anymore

So was I wrong, for my mistakes
You waited long, but I was late
I promised I would love you better, I would love you
better
I guess your heart, has found a place
and now your love, has gone away
I thought that I would do much better, better

[Chorus]

Where did she go?
Was I dreaming? I know this feeling all too well, all too
well
Where did she go?
Now I'm lonely like I was playing solitaire
Solitaire
now i'm lonely, like I was playing solitaire

[Verse 2]

Was I dreaming when I held my baby yesterday
Now your love, is so far away
sleepless
dreamless
restless
breathless, chasing after your love

So was I wrong for my mistakes
You waited long but I was late
I promised I would love you better, I would love you
better
I guess your heart has found a place
and now your love has gone away
I thought that I would do much better, better

[Chorus]

Where did she go?
Was I dreaming? I know this feeling all too well, all too
well
Where did she go?
Now I'm lonely like I was playing solitaire
Solitaire
now i'm lonely, like I was playing solitaire
