Chorus:

Tell me what to do, I'm trying to blow a Little change on
you

Show you how a Louis bag hang on you

I get anything you need to do, tell, tell em what to do!

I need a name and a number

Tell me what to do, I make it great in the summer

Tell em what to do, what to do, what to do, what to do!

Oh, hey now baby knows exactly what to do

Shawty is a teen, and her friends are too

And they're looking at us, and we're looking at you

And I'm flyer than your man, so I know I ain't gonna

lose

Yes, you what it is

She do it so nice, and I know I ain't in love, but I think

I'm feeling like

I never been attracted this fats, first sight

And she think she the baddest, and I think that she

right

So, I'm like, how you're doing, what's your number,

what's your name

Is Shawty seen the thing I'm trying to place it...

You all know when I do my, do my, do my thing

I'mma turn my swagger up, because I need you on the
team.

Chorus:

Tell me what to do, I'm trying to blow a Little change on
you

Show you how a Louis bag hang on you

I get anything you need to do, tell, tell em what to do!

I need a name and a number

Tell me what to do, I make it great in the summer

Tell em what to do, what to do, what to do, what to do!

Tell em what to do girl, what to look like

I wanna take this time to tell you that you look right

The book on... I wanna say that you're riding good

Got money, we're standing on green, like it's Tiger

Woods

Stuck in, stuck in, stuck on these...

Monday to Sunday, yeah girl I wanna see

So run to me, it's clear to see that you're the star

Yes, get in my dreams, as every queen up in the...

That got me stuck in the... with the weather gone

Swagger so cold, you make the devil put a sweater on

So take my word, I'm buying anything you sell me

Baby, take my hand, whisper in my ear and tell me

Chorus:

Tell me what to do, I'm trying to blow a Little change on
you

Show you how a Louis bag hang on you

I get anything you need to do, tell, tell em what to do!

I need a name and a number

Tell me what to do, I make it great in the summer

Tell em what to do, what to do, what to do, what to do!

She see me smiling, she smiling back, gone after
swagger

Cause we ain't look at...

So tell me what to do, and maybe me and you can hit
the Louis store...

You got it all, you, you got it all

If I got it, you got it all!

So baby, tell me what to do!

Chorus:

Tell me what to do, I'm trying to blow a Little change on
you

Show you how a Louis bag hang on you

I get anything you need to do, tell, tell em what to do!

I need a name and a number

Tell me what to do, I make it great in the summer

Tell em what to do, what to do, what to do, what to do!
