Mata hitori de ni kyou mo yoru ga akete yuku no
Kono mama haifai todokete ite merankorii
Utsukushii mono ga suki morokute tsuyoku kanyou na
Kodoku na kaubooi kitai shite iru wa yuumoa
Alone again today, the night is going to become dawn
This hi-fi feeling makes me melancholy
I love beautiful things. tender-hearted, strong, and
generous
The lonely cowboy anticipates humor

Chuu ni todomete mama no fooku
Kuuki de mo tabete iru you ni
Nee nani ka ga sukoshi zutsu
Yugande miete iru dake
In the sky, we stopped for the fork
In order to eat in space
Hey, something is, little by little
Only bent and seen

Da la la...
Da la la... lonely cowboy
Da la la... only my boy
Da la la... lonely cowboy
Da la la...
Da la la... lonely cowboy
Da la la... only my boy
Da la la... lonely cowboy

Itsuwari no sutoorii muragaru gyararii
Karamaru kusari kotae wa sutari
Anata wa kagami ai suru amari
Seigi no uragiri kodoku na kaubooi
A fictional story. a gathered gallery
An entwined chain. an obsolete answer
You are a mirror. love is spared
The treachery of justice. the lonely cowboy

Koko yori doko ka tooku e
Nani mo mienaku naru made
Atarashii yume o misete
Kaeru basho nara doko demo ii
From here, to what distant place do we go?
Will nothing be seen when we get there?
Show me a new dream
If anywhere's fine, let's return to that place

Da la la...
Da la la... lonely cowboy
Da la la... only my boy
Da la la... lonely cowboy
Da la la...
Da la la... lonely cowboy
Da la la... only my boy
Da la la... lonely cowboy

Da la la...
Da la la... lonely cowboy
Da la la...
Da la la... lonely cowboy
