Tsumetai mabuta no ura de watashi ga miatarnai
Tashika na kioku de sae umaku tsukamenai
I can't be found on the back of your cold eyelids
I can't seize it, even within that definite memory.

Anata no hug demo kiss demo umaranai kamo
RIKKIimitaku utaenai
Kore wa jibun no te ja na kya yami o haraenai
I can't forget your hugs or your kisses, and
I can't sing like Ricky.*
The darkness can only be subdued with your own hand.

GO! Look back again
Wasuresarareta
Koukai mo tsumi mo ai mo
Dakishimeteitai
Itai itai itai
GO! Look back again
I've completely forgotten
Regret, fault, and love
I want to hold you so much,
It hurts, hurts, hurts.

Samayou KOKORO ni amai koe
"koko ni zutto itemo ii?"
Your heart wanders about in your sweet voice,
"Is it possible that I'm really here?"

Tobira no mae de NOKKU shite zozoite mo
Ima wa mada fumikomanaide
Degiru sura mitsuketeinain dakara
Mimamotte kureru
Knock on the door and peep inside,
We still haven't broken into right now.
I can't even find the exit,
Is it because you watch over me?

GO! Look back again
Okizari no mama no
Shinjitsu mo uso mo kizu mo
Kami shimeteitai

Itai itai itai
GO! Look back again
If you leave them as they are,
Trust, lies, and wounds,
You can simply close them up.
It hurts, hurts, hurts.

Kagayaki dasu you ni
Chiribamerareteru
Koukai mo tsumi mo kako mo
Aishitai kara
This imprint you've left on me,
It has started shining,
Because I want to love,
The regret, the faults, and the past.

Te ni ireta ito ni oborete shimau mae ni
GO! Look back again
Kono mune ni tsutau
Namida o utau
This string you've got won't keep you from drowning,
so,
GO! Look back again
You'll always follow in my heart,
As I sing the tears away.
