Hey boy, you look so happy...  
Is it true?  
Hey girl, you look so lonely...  
Is it true?  
Hey boy, you look so happy...  
Is it true?  
Hey girl, you look so lonely...  
Is it true?

Motomereba nanika kowashite shimai sou de,  
Furuete  
Gakeppuchi ni saite'ru to iu kirei na  
Bara o tsumitai no ni  
If I go looking for something, chances are it will get  
broken,  
So I'm shaking  
There is a beautiful rose blooming there upon that  
cliffside  
I long to pick it

Your hands, tsutsumi komareru you ni  
Attakai...  
Your hands, the way you fold them  
Is so warm...

Kizamitakunai kotoba wa namida ni shite  
Kohoshite  
Sore demo mune ni tsukaete'ru itami wo  
Hodo ki ni kite...  
I do not wish to damage these words that stain my  
cheeks  
With tears  
And even now, my heart is so filled with all this agony  
That has followed me here...

Kore made no kioku to  
Hikikae ni;  
Owaranai kanashimi ni  
Kisu wo shite  
Up to this moment, the endless sadness of all  
Of your memories;

Take all of that pain and pour it into  
This kiss you give me

Anata no koto de kurushii toki mo aru...  
Demo ne,  
Kizutsukeru koto de shika  
Iyasenai you na  
Mono wa sutete...  
There was a time when all you knew was suffering...  
But you know,  
You can never fully heal  
Until you finally learn  
To throw what's broken away...

Kore made no kioku to  
Hikikae ni  
Owaranai kanashimi ni  
Anata no kisu ga hoshii  
Up to this moment, the endless sadness of all  
Of your memories  
I am longing to taste the agony of you  
Within this kiss you give me

Yorisou hodo wakaru hodo,  
Kowai kedo...  
Kureta kisu no kaku dake shinjite,  
Mou ii yo ne...  
Now I understand what has brought us here,  
But I am frightened...  
But I believe in each and every kiss you give me,  
And everything will be okay...

Your hands, tsutsumikomareru you ni  
Attakai...  
Your eyes, katari kakeru you ni  
Kono mama...

Your hands, the way you fold them  
Is so warm...  
Your eyes, they tell me so much about you  
Just the way they are... [1]
