"All You Insects"

I own the sun and I own the stars
I rule the moon and Iâ€™m the master of mars
Power and glory, death and corruption
All these are mine so prepare for destruction

Chorus:

I am life, I am death
I am good, I am evil
And Iâ€™ll crush all you insects one day
I am heaven, I am hell
I am God, Iâ€™m the Devil
And Iâ€™ll crush all you insects one day

The old ones tell tales of when they young
The people were different they spoke different tongues
No matter the day or the month or the year
I am the hope and I am the fear

(repeat chorus)

I own the sky and I own the earth
You have been mine since they day of your birth
I live inside of your very heart
And when it is your time Iâ€™ll take you apart

repeat chorus
