Temptation comes at me, with all its charm,  
My friends are doin' it, so what's the harm?  
Is it worth the risk, at my soul's expense?  
There is no sin without consequence  
The temptor still stalks me  
But now by faith I'm walking  
Through thorns and briars, and darkened trails,  
He lies and waits, for me to fail  
Satan's after me,  
Satan's after me

I'm no longer bound by the chains of sin,  
I've been forgiven, I've made amends  
Jesus cleansed my soul, leads me by the hand,  
He's Lord of hosts, and in Him I stand  
My cage has swung open,  
The curse of flesh is broken  
I'm not the same, in Jesus' name  
In Jesus' name, I will proclaim -  
Satan you must flee,  
Satan you must flee

When Satan comes at me, I do not fear,  
I have a sword, that's always near  
It's the Word of God, hidden in my heart,  
It is my strength, it sets me apart  
My eyes have been opened  
It's more than just emotion  
I'm not the same, in Jesus' name  
In Jesus' name, I will proclaim -  
Satan you must flee,  
Satan you must flee

My eyes have been opened  
It's more than just emotion  
I'm not the same, in Jesus' name  
In Jesus' name, I will proclaim -  
Satan you must flee,  
Satan you must flee,  
Away from me!
