natural, natural, natural  
[spoken:] I love this man,  
he always makes everything true, so natural  
I love you natural, I said au natural  
au natural [natural]  
it's a phenomenom  
how we made it here thus far  
and I just can't believe that you could love like this  
heaven in your cellophane eyes  
and like the alberine shines bright  
with you, I spend all my nights  
days seems endless  
and I've got so much to give  
[Chorus:]  
'cuz you're so natural  
I wanna know, baby, are you goin' my way?  
and you're so cosmic beautiful, baby  
I wanna know, brotha, are you goin' my way?  
why'd you have to go, go and mess up, bringing up  
I have so many plans  
I was goin' to be the 2Gs all-star whim  
but you blew all my plans away  
now loving you feels so natural  
can't believe you took control  
with everything on my mind  
and may be improbable to love you  
[chorus]  
every day is raindrops on my face  
every night is a trip to space  
and I can't believe I'm here with you  
no, I can't believe  
that you chose me and I chose you  
in two's company and our hearts set it to be  
for you to shine on me and me to smile at you  
oh, what company we two  
[chorus]  
I wanna know, I wanna know  
natural, I need to know, baby  
I wanna know, brotha, are you goin' my way?  
natural, natural  
cosmic beautiful, that's what you are

baby, yeah, oh baby, oh baby, I need to know  
are you goin' my way?  
are you goin', are you goin'?  
are you go, go, going my way?  
yeahhhh
