(Kenisha Pratt/Madia Logan)  
(YahZarah) ooh, (Three Keys) ooh  
ooh ooh ohh ooh ohh (one day)  
so mych time (so much time)  
I've wasted with you (I've wasted with you)  
you never tell methe truth  
finally I see how you really are  
all you do (all you do) will come back to you  
you ought to keep braggin' lies  
next time you'll realize one day  
[Chorus:]  
one day, maybe not today  
but I am sure that one day  
you are gonna be sorry  
now it's too late  
nine months later, it was your mistake  
all I can say is one day, baby, one day  
I remember waiting for your call  
you never really care at all  
finally it is over now  
no more pain (no more pain)  
no more lonely nights (no more lonely nights)  
don't worry, I will be alright  
if you're looking for me and I'll be gone one day  
[repeat chorus]  
[Rap:]  
uh-huh, I hear what you sayin'  
this is where I'm at right now  
yo, you's a good thing, Yahz, but the time ain't right  
payin' to steal your heart like a thief in the night  
gotta keep it real, the streets is callin'  
got a little money now 'cuz boss is ballin'  
new six, new style, new life  
knowin' you the one that should be my wife  
I mean to make you fall like Alicia Keys  
mama wouldn't said that there'll be days like these  
take a long time, why you so upset  
all I wanted some space, I ain't done yet  
I know you mad, but I'm-a keep it real  
my cards on the table, ma, it's your deal  
a debt been made, gotta pay what I owe

ask 21 questions, keep your 50 in rolled  
love has got you crazy right now  
I'm your destiny child, so ease yourself now  
[repeat chorus x4 (ad-lib) til fade]
