Don't talk to me, don't speak, don't say a word  
I already know what you're thinking  
You wanna move, you got a itch  
Wanna see if the grass is greener  
If it's always raining, then somebody's crying  
But if it's always sunny, then somebody's lying  
And one day when you run down your list of regrets,  
You'll see that I'm as perfect as you're gonna get, yeah

You got your head in the clouds, your heart on a sleeve  
And you will stay with her evry now and then  
It's like the bigger the lie, the more you believe  
But you have no idea what you're up against  
(X2)

Baby, you know the fact the other side would be easy  
She only shows you what she want you to see  
But if you gotta go through hell with somebody,  
Why don't you do it with me?

You got your head in the clouds, your heart on a sleeve  
And you will stay with her every now and then  
It's like the bigger the lie, the more you believe  
But you have no idea what you're up against  
What you're up against

Don't talk to me, don't speak (Mm...), don't say a word  
I already know what you're thinking (Mm, mm, mm)  
You wanna move (Mm), you got a itch (Yeah)  
Wanna see if the grass is greener  
So if it's always raining, then somebody's crying  
But if it's always sunny, then somebody's lying  
And one day when you run down your list of regrets,  
You'll see that I'm as perfect as you're gonna get, hey,  
hey...

Babe, you really think that love would be easy  
Well, everybody, that's the level degree  
'Cause if you gotta go through hell with somebody,  
Might as well do it with me

You got your head in the clouds, your heart on a sleeve

And you will stay with her every now and then  
It's like the bigger the lie, the more you believe  
But you have no idea what you're up against  
You got your head in the clouds, your heart on a sleeve  
And you will stay with her every now and then  
It's like the bigger the lie [The bigger the lie],  
The more you believe [Ooh, yeahh]  
But you have no idea [Ooh] what you're up against  
[Who you messin' with?]

Oh you have no idea what you're up against  
What you're up against  
Have no idea what you're up against  
Have no idea what you're up against
