Come on over, have some fun  
dancing in the morning sun  
look into the bright blue sky  
come on let your spirit fly

livin' it up this brand new day  
summer, sun, it's time to play  
doin' things it feels so good  
get into emotion

Refrain:

what I'm feelin'  
it's never been so easy  
when I'm dreamin'  
summer dreamin' when you're with me

just another lucky day  
no one makes me feel this way  
watch the waves and feel the sand  
kiss me now and take my hand

hear all the laughter in the street  
smilin' in the summer heat  
cool touch of your hand in mine  
can be together

Refrain

dreamin', it's never been so easy

all the people they turn as we walk on by  
(as we walk on by)

no, lovin' you just feels so right  
lightin' up the darkest night  
boy turn up the radio  
don't ever let me go  
(turn it up)

all the tears I've cried before  
they can't touch me anymore  
now that you are by my side

it's all I need to know

Refrain

come on over have some fun  
(have some fun)  
dancin' in the morning sun  
we can keep this dream alive if we try  
hear all the laughter in the street

if you're smilin'  
all the people they turn as we walk on by  
(see you smilin')  
just another lucky day  
(livin' it up)  
no one makes me feel this way  
(livin' it up)

it's what I'm feelin'  
it's never been so easy

dreamin'  
summer dreamin' when you're  
feelin'  
it's never been so easy

dreamin'  
(livin' it up)

you can make it, baby

feelin'

dreamin'  
(livin' it up)

come on over now

feelin'
