You don't know me
Don't be afraid
Let us put our strength together
And show the world we are alive
Tonight the sky we'll set alight
(We'll set alight)

This is the closest place to home
Don't want to close our eyes
Or waste a minute

This is the closest place to home
Don't want to close our eyes
Or waste a minute
(Or waste a minute)

We've faced the changes
We're not afraid there's no turning back again
We've found the heroes alive in ourselves
To carry on where you left off

This is the closest place to home
Don't want to close our eyes
Or waste a minute

This is the closest place to home
Don't want to close our eyes
Or waste a minute
(Or waste a minute)

Let our story humble you...

Things will never be the same
We are not afraid
Things will never be the same
(Things will never be the same)
We are here to stay

Let our story humble you...

This is the closest place to home
