You call my phone when it's three in the morning
You're only in town for the night
I know I shouldn't but still I come over
Hoping it's different this time
That's not mine whose is this
Don't try to win me with a kiss
Cause I know it's all just pretend
No coincidence
All this evidence
And I know I'm too good for this

But I need 5 more minutes
Just 5 more minutes
Cuz I ain't finished with you
You've got 5 more minutes
So just admit it
Cuz I know I'm done with you
I need only 5 minutes to say
Fuck you

All I ever did
Was give you my attention
You love me then leave me alone
But there's been some things
That you'd forgot to mention
All this time you've been holding your tongue
Unfinished business
Things we left unsaid
But I'm here to tell exact
I say i'm leaving
You say just leave then
Something keeps holding me back

Must be

5 more minutes
Just 5 more minutes
Cuz I ain t finished with you
You've got 5 more minutes
So just admit it
Cuz I know I'm done with you
I need only 5 minutes to say

Fuck you
Fuck you

For three years and two months
Only one day it took
You've been breaking all the rules in my book
I always suspected
But never was sure
I've had four minutes, give me one more

Give me one more minute
To just finish
Said this three times before

I had 5 more minutes
And I just did it
I'm sorry if it sounds cruel
Need only 5 minutes to say
Only 5 minutes to say
Only 5 minutes to say

Fuck you (4x)
