Chorus:

Our time has been running out,  
And there ain't no way to catch it now  
Let's say goodbye and walk it out  
Was I hard to love?  
Cause I just can't seem to find enough,  
I think this is the end of us,  
Finish line  
Yeah, yeah, yeah

Separation, you and me and,  
Everything that you say is turning me.  
Future's blinding your eyes dying,  
Inside your heart is cold

And I think we should face it,  
We've both been complacent,  
There's no point tryin'a save it,  
And boy lets not deny it,  
We haven't been trying, through with all the crying

Chorus:

Our time has been running out,  
And there ain't no way to catch it now  
Just say goodbye and walk it out  
Was I hard to love?  
Cause I just can't seem to find enough,  
I think this is the end of us.  
Finish line  
Yeah, yeah, yeah

long time coming, we've been fronting  
lets not fake this... any longer now  
we should let go,turn back, walk a way and  
leave this all behind

and i think we should face it,  
We've both been complacent,  
There's no point tryin'a save it,  
And boy lets not deny it,  
We haven't been trying, through with all the crying

Chorus:

Our time has been running out,  
And there ain't no way to catch it now  
Just say goodbye and walk it out  
Was I hard to love?  
Cause I just can't seem to find enough,  
I think this is the end of us.

Finish line

Yeah, yeah, yeah

Finish line

yeah,yeah,yeah

the light is fading,  
and I'm heading to the darkness baby  
memories falling apart  
i cant keep holding  
see my arms don't seem to let me  
gotta use my head not my heart!
