"Light Up The World"

Visit "[Light Up The World](#)" on MotoLyrics.com

I need a release for the moment (yeah yeah, yeah
yeah, yeah yeah)
Something to relieve my mind (yeah yeah, yeah yeah,
yeah yeah)
I cannot deal with all this tension (yeah yeah, yeah
yeah, yeah yeah)
I've been feeling like this all the time (yeah yeah)

Feeling like I need some room
Feeling like I need some space
Got to find something soon
To take me to outer space

I just wanna light up the world

I just wanna light up the world

I just wanna light it up one time
Just to see what it's worth
I just wanna light up the world

Soaring through the clouds like an eagle (yeah yeah,
yeah yeah, yeah yeah)
With the sun beating on my skin (yeah yeah, yeah yeah,
yeah yeah)
Looking down at all these people (yeah yeah, yeah
yeah, yeah yeah)
And the confusion that they bring (yeah yeah)

Feeling like I need some room
Feeling like I need some space
Got to find something soon
To take me to outer space

I just wanna light up the world

I just wanna light up the world

I just wanna light it up one time
Just to see what it's worth
I just wanna light up the world

I just want something to light up my moment
I just want something to light up my day
I just want something to light up my moment
I just want something to light up my day

I just want something to light up my moment
I just want something to light up my day
I just want something to light up my moment
I just want something to light up my day

I just wanna light up the world

I just wanna light up the world

I just wanna light it up one time
Just to see what it's worth
I just wanna light up the world
