Yeah Yeah Yeahs "Absent Stars"

Don't you get all ashamed

Don't you dare I've got all I can take Anywhere

Dive in slow, hesitate Door is gone Try to step in the way Of your fall

But I can't break out From this blanket of doubt Got me trapped in a maze of Shadow

'Cause this gravity haze Has blocked up my way Am I floating inside Your dream

Pull me out now Pull me out Pull me out now Pull me out

Don't you get all afraid Don't you dare I've had all I can take Everywhere

Can't make sense in the light Door is gone Try to step in the way Of your fall

Chorus

Can I just fall out Through absent stars A terror in this frail haggard night Can I just jump out From this satellite The sky is burning
