I tricked you with a simple mistake i told you everything  
i know  
I know i can't afford a pointless display of scars that  
only fade away  
My guards have been aiting too long  
Their eyes are getting heavy now i think they've finalyy  
fallen asleep  
Is that someone i hear outside my gate

You know the walls are falling in my head  
Tonight girl  
You know the walls are falling in my head  
Tonight girl

Im a headstone waiting for words so just carve my  
epitaph for me  
I can't ignore the songs of the past and wake up  
screaming from a borrowed dream  
I am listening to your eyes speak as the words are  
falling from my mouth  
It's a sordid state of belief when your last defense has  
sold you out for good

You know the walls are falling in my head  
Tonight girl  
You know the walls are falling in my head  
Tonight girl  
You know the walls are falling in my head  
Tonight girl  
You know the walls are falling in my head  
Tonight tonite tonite tonite

You know the walls are falling in my head  
Tonight girl  
You know the walls are falling in my head  
Tonight girl  
You know the walls are falling in my head  
Tonight girl  
You know the walls are falling in my head  
Tonight tonite tonite tonite
