Mosquito, mosquito, mosquito.

Mosquito sing, mosquito cry.
Mosquito live, mosquito die.
Mosquito drink most anything,
Whatever's left, mosquito scream.

I'll suck your blood.
I'll suck your blood.
I'll suck your blood.

Mosquito sing, mosquito cry.
Mosquito live, mosquito die.
Mosquito land on your neck,
Mosquito drink whatever's left.

They'll suck your blood.
They'll suck your blood.
They'll suck your blood.

They can see you,
But you can't see them.
So are you gonna let them in?
They're hiding beneath your bed,
They're crawling between your legs,
They're sticking ya in your vein,
Were you itchin' when they called your name?

They'll suck your blood.
They'll suck your blood.
They'll suck your blood.
