It eats your soul,
Like tears you fall, my slave
You steal, you heed the call, my slave
The keys, the keys are gold, my slave
You keep me beating on...

It eats your soul,
Like tears you fall, my slave
You steal, you heed the call, my slave
You keep me, keep me,
Your slave
You keep me, keep me,
Your slave

On my own
You keep me, keep me
On the throne
Heads down all obey
On my own
You keep me, keep me
On the throne
Heads down all obey

You keep me, keep me,
Your slave
You keep me, keep me,
Your slave

Can I feed on your love?
Can I feed on your love?
Can I feed on your love?
Can I feed on your love?
