This can't be home anymore
This can't be home anymore

If you think I have not been missing
The way she breathes
You are mistaken my friend, I've fallen down
So put your mouth on my bloody knees

One night with me and I've broken your trust
I hate to be the bond you know is gonna bust
(Know is gonna bust)
Hurting lungs from breathing sighs of disgust

This can't be home anymore
This can't be home anymore

Now cold concrete blank walls
Are staring into your lonely eyes
I duck behind them and hope that you won't call
And ask for answers to why I made you cry

I never wanted us to fade out
Resting on a love that fell apart
Where are you? I need you
You still have, still have my heart

I never wanted us to fade out
(Fade out)
Resting on a love that fell apart
(Torn apart)
Where are you? I need you
You still have, still have my heart

One night with me and I've broken your trust
I hate to be the bond you know is gonna bust
(Know is gonna bust)
Hurting lungs from breathing sighs of disgust

This can't be home anymore
This can't be home anymore

Open up my heart

(Heart)
Open up my heart
(Heart)

Open up my heart
(Heart)
Open up my heart
