i can see all the footsteps left behind,
every second i gave!
every song was a snapshot of my life
i needed something to say!

i started out in a last slow motion scene,
watching everyone change!
made ?one road from here,
i had no reason to stay!

chorus:
i am awake and alive
there is something calling me!
more than a moment in time,
it's a dream i'm following on my own,
on my own, on my own!
more than a moment in time,
it's a life i've lived!

think of me when the stars come out tonight,
take a look at the sky!
never said that i could burn out that?
but i needed it to try!

chorus:

i am awake and alive
there is something calling me!
more than a moment in time,
it's a dream i'm following on my own,
on my own, on my own!
more than a moment in time,
it's a life i've lived!

the day that i found my voice
i knew that i had no choice
the only way i ever learn some love
..if i found it on my own!
on my own!

chorus:

i am awake and alive

there is something calling me!
more than a moment in time,
it's a dream i'm following on my own,
on my own, on my own!
more than a moment in time,
it's a life i've lived!
