Focus on the distance and you fall  
Deep inside of all the memories  
You choose not to recall  
but don't let go  
Friends are always up and letting go  
but you can stay safe and whole

Doesn't mean that they don't care for you  
They're just moving on

Doesn't mean that they don't care for you  
They're just moving on

This is just a call to say  
Change is on my mind I made  
Dreaming with you  
But I cannot stay

All the times we had are gone  
All the things and all the songs  
Knew it wouldn't last forever

Nothing in this world comforts you (x2)

Dreaming with you  
But I cannot stay

All the times we had are gone  
All the days and all the songs  
Knew it wouldn't last forever long

Nothing in this world comforts you

Nothing in this world comforts..  
I'm sorry that I left you all alone  
Sorry I'm not going back for more
