Focus on the distance and you fall  
Deep inside of all the memories  
You choose not to recall

Don't let go  
Friends are always learning  
Going to get things you couldn't hold

Doesn't mean that they don't care for you  
They're just moving on  
Doesn't mean that they don't care for you  
They're just moving on

This is a call to say  
Change is on my mind today  
Dreaming with you  
But I cannot stay

All the times we had are gone  
All the things and all the songs  
Knew we wouldn't last forever

Nothing in this world comforts you[x2]

Nothing in this world comforts us

Sorry that I left you all alone

Sorry I'm not going back for more
