Sleeping late on warm afternoon  
Waking up to bright silver moon  
Silent words from my heart to you

My empty filled filled up with you  
I slip another smile in your pocket  
My heart is racing to you like a rocket

(Rockets fly)  
I slip another smile in your pocket  
(Into my sky)  
My heart is racing to you like a rocket

My empty filled filled up with you  
I slip another smile in your pocket  
My heart is racing to you like a rocket

(Rockets fly)  
I slip another smile in your pocket  
(Into my sky)  
My heart is racing to you like a rocket

(Rockets fly)  
I slip another smile in your pocket  
(Into my sky)  
My heart is racing to you like a rocket

(Rockets fly)  
(The two of us, we dream like one)  
I slip another smile in your pocket  
(Into my sky)  
(Our energy could light the sun)  
My heart is racing to you like a rocket

(Rockets fly)  
(The two of us take breath as one)  
I slip another smile in your pocket  
(Into my sky)  
(The two of us, the two of us)  
My heart is racing to you like a rocket

(Rockets fly)

(The two of us, we dream like one)  
I slip another smile in your pocket  
(Into my sky)  
(Our energy could light the sun)  
My heart is racing to you like a rocket

(Rockets fly)  
(The two of us take breath as one)  
I slip another smile in your pocket  
(Into my sky)  
(The two of us, the two of us)  
My heart is racing to you like a rocket
