Bah Bah Bah Haa Haa
Bah Bah Bah Haa Haa

[1st Verse:]

Must have been an angel
Sweet spirits raining from above
Shower me with liranse of love
Blessing me over and over

[Chorus:]

So i serenade my song
My love, for you
And i'll give you my heart
And i'll serenade for you

[2nd Verse:]

Ohhh, you said it was my destiny
My calling to find the way to you
Something like out of a dream
Angels came to me and sang this heavenly song

[Chorus]

[3rd Verse:]

Ohhh, my love is true for you
Never had to worry baby
Cause i've got what you need
You'll never be alone
My heart will be your shelter and you and keep you
warm
Need me, feel me, hold me, forever and ever
Need me, feel me, hold me, forever and ever

[Chorus]
