I know you want me
I got your mind paralyzed
is it the infatuation that keeps you awake at night?

chorus:
when you think about me
do you think about us fallin' in love
do you wanna get with me with me
do you think about me (tell me tell me)
do you think about us and makin' love
do you wanna get with me with me (tell me tell me)

when you sleep at night does monica star in your
dreams
are you thinkin' of me all the time wat does it mean
do you fantasize to your surprise and there I am
makin' you realize that deep inside you wanna be my
man
are you still playin' childish games or all grown up
because my appetite says too much is not enough
I'm curious and I don't need to make a fuss
but I think about you
do you think about us (tell me tell me)

chorus

tell me do you think about (me..)
when you day dream does sweet marie stay on your
mind
or do you find yourself wishin' you were here by my
side
do you wanna have responsible to get me a vote
don't just hit me on the pager or my cell telephone
when you at the club is there no one else that turns you
on
the way you lookin' at me I can tell you wanna get it on
I'm curious and I wanna feel the heat of your touch (the
heat of your touch)
I think about you
do you think about us

chorus (x4)

all day I wanna do is spend my time with you
all night I know you wanna get with me too
do you think of me the way that I think about you
you conserve me like nobody else can do
when you think about me
when you think about me
tell me tell me
when you think about me
do you think about us
tell me tell me
