[1st Verse:]

Hopin' 4 the sun - One rainy day
Wishin' that the rain - Would go away
So many tears - Pouring - Down on me
U wrapped your arms - Around me
U engages - Me in - The dance

[2nd Verse:]

Hopin' 4 this luv - 2 come - My way
Lonely was the price - I had 2 pay
I stood all alone - And waited
4 my prince - 2 make his lady
And U gave - This luv - A chance

[Chorus:]

I haven't seen the rain or cloudy skies - Since I found U
I haven't seen a tear fall from my eye - Since I found U
I'm never home alone at night - Since I found U
I hope U never leave my side --- U Brighten up my life

[3rd Verse:]

I've waited 4 so long - 4 someone like U
And finally my dreams - Are coming true
We have the chance - Let's take it
And if we only try - We can make it
In this fairytale romance

[Chorus]

Neva - Neva - See the rain outside
Neva - Neva - See a tear in my eye
Neva - Neva - Home alone at night
