Girl in the caf  
You wore all the jewels  
Only Nature could think of  
Girl in the caf  
You really pushed me  
To the brink of pain  
To see such beauty  
A pair of eyes just like a flash of light  
I lost you  
But I defrost you  
From my memory's freezer  
Every night  
No you weren't the love of my life  
But I'm still missing you  
No you weren't the love of my life  
And I've still got no clue  
about you  
Girl in the caf  
All those tears are drying  
I'm not denying  
Girl in the caf  
The magic's gone  
And there's no more crying  
For you and your ivory skin  
With Sister Midnight gasping within  
All the icons  
The zodiac signs  
Have failed to help you  
To get me to sin  
No you weren't the love of my life  
But I'm still missing you  
No you weren't the love of my life  
And I've still got no clue  
about you  
Girl in the caf  
In me a bomb exploded  
My heart was loaded  
Girl in the caf  
You conquered me  
And I want you to know it  
A war was waging in me  
To last awhile, centuries maybe

Or else  
I might forget  
Your eyes that were  
Glowing so sad  
No you weren't the love of my life  
But I'm still missing you  
No you weren't the love of my life  
And I've still got no clue  
All about you
