All in all the wisdom call, you shall be young, you shall  
be free

Watching for the signals that some easily  
Take it as a point of love, a reference place to where  
you are  
Every step a step to set you free

All for the sake and the calling of light  
Ask as you give, as you measure in time

All in all this will to give, this sacrament,  
This need to live  
Take it a step to bring love easily  
All in all the wisdom call, you shall be young,  
You shall be free  
Waiting for the waiting to be free

Talk is the easy send, everyone heard  
Ask as you seek the clear, ask and you can

This play is of a myriad of conscience sitting

This day is of a special way of love relating  
This sight is in it, this way is in it, the dream is of the  
positive to make

You  
Wonder  
How did heaven begin?  
This time is in it, this thought is in it, this light is in it,  
When you see, you get it

All in all the wisdom call, you shall be young, you shall  
be free  
Take it as it comes so easily

We'll be there beside the sign, this wherewithal, this  
will to be,  
Brining all the love that's meant to be  
All in all we shall be young, we shall be free, we shall  
be there  
All in all this time is meant to be
