City of love  
City of love  
City of love

Hey, once bitten twice shy  
No, no regrets at all  
Justice, body smooth take over  
Good girls they work the city  
Good guys they spike you hard  
How they jive and jingle  
When you're in their backyard

Street corner wonder lust  
Beckoning the good guy  
Take this, get that  
Have a good time

He young and tactile  
He ready for anything that is  
How they jive and jingle  
They've read the book that gives

We'll be waiting for the night  
We'll be waiting for the night to come

We'll be waiting for the night  
We'll be waiting for the night to come

Hey, supervise this good treatment  
Alternative line by line  
So the street guys so observant  
Take him for a ride, have a good time

Like a legend the man he sharp  
His woman gladly watching  
As he strides out of the dark  
Better be quick get away

We'll be waiting for the night  
We'll be waiting for the night to come

We'll be waiting for the night

We'll be waiting for the night to come

Good timing has it's good price  
One trick and you're stuck with the dice  
How they jive and jingle  
When you're their sacrifice

Fast as lightning  
Go, go, get high, he's looking good  
Once bitten twice shy  
No woman, no cry  
No woman, don't cry

We'll be waiting for the night  
We'll be waiting for the night to come

We'll be waiting for the night  
We'll be waiting for the night to come

We'll be waiting for the night  
We'll be waiting for the night to come
