Here are the books of Luke  
You need them to open the seed  
To see what goes on in the world

Here in my mind  
Catch the wind and hold on tight  
To what we'll find  
And hear what goes on in the world

Here is all you see  
Everything is made for you  
From me

If there's anything you'd like to say  
That could help me in any way  
'Cause I've been waiting for so long for you to come  
along  
Help me on that day

When you take over all the things  
Heaven has made for you  
Is there anything you think you should know  
Is there anything before I go?

(Dear Father)  
I'm hungry, I'm cold  
(Dear Father)  
Feeling terribly old  
(Dear Father)  
I don't think I can see  
I'm not feeling good like I think I should

They're on their own, needing a face, a place  
Hope and mind, a home  
To see what goes on in the world

They're who you need  
To show them why they're wrong, oh why indeed  
We need to go on in the world

Here is all you see  
Everything is made for you

From me

If there's any complication that  
You'd like to talk over with me about  
'Cause I've been waiting for so long for you to come  
along  
We could work it all out

When you take over all the things  
Heaven has made for you  
Is there anything you think you should know  
Is there anything before I go?

(Dear Father)  
You must be putting me on  
(Dear Father)  
'Cause most of their minds are gone  
(Dear Father)  
They will not understand me  
I'm not feeling good like I think I should

(Dear Father)  
Can I give it a miss  
(Dear Father)  
'Cause I'm not ready for this  
(Dear Father)  
I don't think I can see  
I'm not feeling good like I think I should

(Dear Father)  
Won't you leave me alone  
(Dear Father)  
Won't you let me go home  
(Dear Father)  
I don't think I could see

(Dear Father)  
Lord, they'd crucify me  
(Dear Father)  
I just couldn't do that  
(Dear Father)  
'Cause that's not where it's at now
