

## Yes "Hearts"

Visit "[Hearts](#)" on MotoLyrics.com

Hearing  
Talking  
Yes I love you

Set your heart sail on the river  
(Hearing)  
Look around you as you drift downstream  
(Talking)  
Pouring souls into the ocean  
(Loving)  
Take account of all you've seen

One people, together  
Freedom for today  
So easy the future  
So see the children's way

Love me  
Teach me  
Know me

One people, together  
Freedom for today  
Tomorrow forever  
So see the people's way

Many moons cascade one river  
They light from side to side  
As we cross in close proximity  
Like rivers our hearts entwine

How we talk, how we teach our children  
How they move, we direct our eyes  
All the senses tuned discovery  
As and as and when our hearts decide

Be ready now, be ye circle  
Be the central force ye life  
As the game extends the cycle  
Be ready to move

One heart's for love, one's for giving

(Sailing down the river)  
Two hearts are better than one  
(Throwing out a line)

I hearing it, I living it, I believe in it  
(Sharing out your fortunes)  
Two hearts are better than one  
(In and out of time)

Hearing  
Talking  
Yes I love

One heart's for love, one's for giving  
(Sailing down the river)  
Two hearts are better than one  
(Throwing out a line)

I hearing it, I living it, I believe in it, I loving it  
(Sharing out your fortunes)  
Two hearts are better than one  
(In and out of time)

Who would believe you? Wise men do  
Days that we knew it clear with you  
You sing the answers, question time  
Now it you need me let our hearts entwine  
Let our hearts entwine

Hearts sailing down the river  
Hearts throwing out a line  
I hearing it, I living it, I believe in it, I loving it  
Hearts  
(Two hearts will always be)  
In and out of time

One heart's for love, one's for giving  
(Sailing down the river)  
Two hearts are better than one  
(Throwing out a line)

I hearing it, I living it, I believe in it  
(Sharing out your fortunes)  
Two hearts are better than one  
(In and out of time)

As we flow down life's rivers  
I see the star glow, one by one  
All angels of the magic constellation  
Be singing us now
